Welcome to Villa Nurtan

This wonderful individual 285 sq metre luxury villa, named Villa Nurtan after its Turkish architect, is considered the finest in the area.

It is our retreat in Turkey so is fully centrally heated and can be lived in all year round. Using local labour and materials we have aimed to create a villa that is sympathetic to its surroundings. This extends to our furniture, which is mostly hand-made in the village.

Villa Nurtan is located in Keçibükü, Orhaniye, an idyllic valley location surrounded by olive trees and hills. It is only 25 km away from bustling Marmaris, yet offers a peaceful retreat for discerning families looking for a private and very special

place to unwind, well away from 'developments'. It has an eco-friendly 8 x 5m pool that is completely private and not overlooked by anybody. The pool is set in a large 1600 m2 garden with two large verandas and barbeque in the garden. Solar heating system and backup water maintain all services.

Free unlimited 4G WiFi Internet access.

Our team will ensure you have a wonderful time. We are all proud of and love Villa Nurtan, and are sure that you will too.

You can watch the natural world at your leisure – the bats and stars at night, birds swooping to drink at the pool, dragonflies over the water, the birds of prey overhead or just watch the garden grow.

It is where to stay if you like a lot of space around you – both inside and out – whether you want to laze

Eco-friendly pool

We have invested in the latest 100% ecological cleaning system in the private pool plus installing a water softening system which means that we use NO chemicals in

this pool. Our guests love this pool as they do not smell of chlorine and it does not pollute the environment.

Sustainable

We believe in low impact tourism. The Bozburun Peninsula is a protected nature area so we go to great lengths to minimise our impact on the environment. We have drilled two wells and installed automatic drip watering systems in the gardens to minimise the amount of water we take from the village.

Welcome to Unspoilt Turkey

What is it like to stay in a Turkish village? You will notice that everyone is friendly and will greet you with 'Merhaba' (Hello). The Keci-buku hamlet has a population of around 350, so you can be sure that everyone will know who you are or will work out where you are staying very quickly.

As a stranger you are a guest in the community, so you may be given a gesture of welcome – perhaps an orange or a fig from a tree as you walk by.

What is special about staying at Villa Nurtan? It is the house that we built for ourselves, that we would be proud to live in and share with others. We support Green Tourism.

It is for those that want complete privacy and who will enjoy our garden and fabulous private pool.

A beautiful villa in a beautiful setting. We had a very relaxing holiday in an unspoilt part of Turkey.

Within a few kilometres you get up in the hills to the pretty village of Bayir with its stunning views or travel down the peninsula to Bozburun which lives off boat building and yacht servicing.

We can arrange private car hire for you with the same local company. They can provide rental cars picked up at the airport or deliver a rental car to the villa for use when you arrive.

Boat Trips

Private boat trips are very popular with our guests as they can go to quiet bays and swim in the crystal-clear waters. We can arrange these trips on request.
